**DISCOVER DANCE SERIES**

Introductory programs for groups to experience the thrill of live dance!

Festival Ballet Providence's DISCOVER DANCE program gives your students and clients the opportunity to discover the thrill and excitement of live dance with three exceptional productions. Designed especially for school groups, senior groups, and special needs individuals, DISCOVER DANCE offers groups the opportunity to experience ballet in the majestic theaters of Providence at a fraction of the regular ticket price. The ballets are presented in their entirety with full company, stage scenery, lights, and costumes. The art of ballet also provides valuable lessons in history, culture, design, spatial relations, music, and non-verbal communication skills, promoting creative thought.

Our performances this year are being held at **Providence Performing Arts Center** in downtown Providence. At this location, groups arrive and unload in front of the theater and the bus drivers will be instructed where to park and when to return. Group leaders check in at the door and groups are seated in the order in which they arrive under the guidance of the house management. The stage curtain will be lifted so that those arriving early will be able to experience some of the back stage magic as the dancers warm up and the stage crew moves the scenery into place and runs the light cues. Just before the performance begins the Artistic Director of Festival Ballet Providence, Mihailo Djuric, will welcome the audience from the stage.
